More About Myself

I have many hobbies I work on in the arts. I try to paint as much as possible. I draw everyday trying to improve my skills as an artist. I put in the work for the programs I'm learning such as Photoshop, Illustrator and InDesign. I watch as much YouTube videos and tutorials as possible trying to improve my craft. I've been working as a swim teacher for years and it's helped me improve with my social skills. I am very open, talkative and friendly person. I'm open to learn new material and people. I want to learn than I can expand my knowledge on Graphic Design. I know I still have much to learn but I'm getting there. I got into Graphic Design because of anime, movies and video games. When I watched how every show, video game, movie would portray a character or reality with the details they put in the animation it amazes me. I would look into every detail of an animation such as a character's face or the world they are in created by the animator.

ART WORK

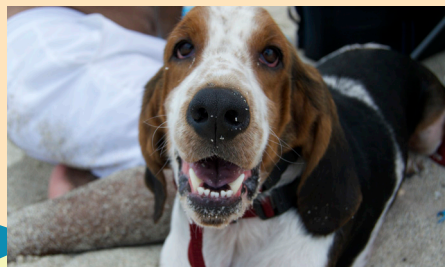

I've drawn paintings and sketched for most of my life. People would see my paintings and sketches from my social media that they started reaching out to me. I take client requests from my Instagram or from my phone. The prices I give range from \$40-\$150 it depends on how big the canvas is or how much detail they want.

PHOTOGRAPHY

I got into photography by taking pictures of objects and than of my family. I eventually got into taking professional pictures with my Nikon D3200. I started to post on my social media than people started seeing my posts and started to reach out to me for pictures.

YMCA Kearny Aquatics

I've been working with the YMCA for five years now. I'm a swim instructor for all ages. Most of the students I teach are children. I also teach private classes for adults. It has really taught me to have patience and has disciplined me.

Friday 5:30- 9:00

Saturdays 10:00-2:00

EDUCATION

Saint Peter's University

Major: Graphic Design

Minor: Communications

I'm a sophomore in college working for my Graphic Design Bachelor's Degree. I've taken a good handful of course working towards my major. I decided to minor in communications because it will benefit me in the long run with graphic design.

SKILLS

I've worked with many programs such as AutoCad, Rhino, 3Ds Max but I'm proficient at Photoshop, InDesign and Illustrator. I have also work well with Microsoft word, Power-Point and Microsoft Sheets. I'm good at organizing anything, I have patience and always on time. I focus on any task I am given and given the opportunity I will be hands on any project.
